WORK EXPERIENCE

MOE'S BROADWAY BAGEL

Sept 2023-March 2024

My position was a sandwich maker. I took customers' orders, prepared bagels accordingly, and sometimes rang them out. I used a toaster oven and knives frequently. I handled food items safely and efficiently. I also made burritos, coffee, juices, and occasional party platters.

CU ANSCHUTZ LAB INTERN

June-July 2023

Worked in the genetics department on behalf of the Aaron Johnson lab. Hands-on work involving CRISPR technology, centrifuge, pipettes, and agar-based petri dishes. Research regarding the CAS-9 gene. Did data entry every day. Worked with 2 other people on my team. Presentation at the end of my internship demonstrated my findings that me and my team did.
